Instructions:

Create Template (or use cutting machine such as Cameo/Cricut etc …
- Cut (1) 12x12" CS to 7x12"
- Mark on left edge, Center point at 6"
- Using your ruler, draw angled lines from Cnter out to right edge of CS at different widths
- I created (7) but you can make them as wide or narrow as you'd like
- Number your pieces before you cut them out
- Cut each piece out to create your template pieces
- Trace onto multiple PP
- Cut out and arrange on your base
- Adhere each piece to create the look you'd like to achieve
- Add photos
- Title and Embellish as desired
