

Layout #6 - May 2020

Supplies Required:

- (2) 12x12" SAME CS for base
- (2) 12x12" CS for photo mats (these should be different colors to allow double mats)
- (1) min. 6x12" PP
- (12) min. 2x12" PP strips
- PLEASE NOTE: these are ALL different patterns. I substituted (3) for washi tape.

Border stickers would work well to mix in too !! This is a great way to use up pieces leftover from other projects and make them look brand new again !!

- I used a long journal strip on this layout. It is lined and measures 3x8".

You could easily use a light coloured PP for this piece. Alternatively, you could substitute a couple of photos in this space !!
