When I saw the Peaceful Hearts Collection I knew that it would make for a great wall hanging. The quotes in this collection are amazing. I used the Love You Cut File Bundle and sized one of the tags to 4 1/2" to create the base of my wall hanging.

Once the banner was cut out, I layered a multiple of coordinating patterned papers to create depth and dimension. In amongst the layered patterned papers, I cut out the scallop border from the Spread Kindness Cut File Bundle.

I had a scrap piece of Heart Background left over, so I layered it in amongst the patterned paper pieces. Layer in some gold foil images as well as one of the quotes out of the quote ephemera.

To finish the wall hanging, I used a couple of the hearts from the sticker sheet and layered them in amongst the layers. I also added washi tape to certain pieces of patterned papers as desired.

I hope that my wall hanging has inspired you to recreate your own version at home using the Peaceful Hearts Creative Kit, Peaceful Hearts Add On Kit, Spread Kindness Cut File Bundle, Hearts Background Cut File and Love You Banner Cut File
